PURPOSE

Convert one AI opportunity into an explicit operating decision. This is not a maturity score and does not imply current Ontra practice.

CASE REVIEW

Finding	Question	Decision record
Work	What workflow, handoff, decision, or friction changes?	
Value	Which measurable operating outcome matters?	
Authority	What judgment remains human, and who owns it?	
Boundary	Which data, tools, vendors, permissions, and controls apply?	
Adoption	Who owns changed behavior, training, and reinforcement?	
Evidence	What permits scale, change, pause, local containment, or stop?	

DISPOSITION

Explore · Bound a pilot · Operationalize · Standardize for reuse · Remain local · Repair · Retire

PRECEDENT CAPTURE

- Reusable workflow pattern
- Reusable authority pattern
- Reusable guardrail or tool decision
- Reusable enablement asset
- Evidence that must travel with the pattern
- What must not be generalized
