

CANDIDATE OPERATING ARTIFACT

AI Capability Charter

Use this review to turn a workflow opportunity into an owned, bounded, measurable capability decision. It is a discovery instrument, not an assessment of current Ontra practice.

DISPOSITION

- ☐ Discovery candidate
- ☐ Bounded case
- ☐ Reusable pattern
- ☐ Repair
- ☐ Retire

REVIEW RULE

No use case earns reuse without explicit work, ownership, boundaries, and proof.

WORKFLOW CAPABILITY REVIEW

One case. Four conditions. One explicit decision.

Date: _____

Review owner: _____

Workflow owner: _____

01 · WORK

Which recurring job or decision becomes materially better, and what outcome matters?

02 · OWNER

Who remains accountable for judgment, exceptions, adoption, and results?

03 · BOUNDARY

What may AI access, change, recommend, escalate, or never do?

04 · PROOF

What evidence earns continued use, repair, broader reuse, or retirement?
